# Surprise! Surprise! Oops!

LAST WEEK Simon Fine was away on business. While he was away, his wife, Judith, organized a surprise party for his fortieth birthday. She invited all Simon's family and friends. They arrived at six o'clock and they waited for Simon.

*There were  
voices in the flat.  
But who was it?*

When Simon arrived home, he walked upstairs to the flat. Then he stopped because there were voices in the flat. But who was it? He listened. It wasn't Judith because she was on holiday in Scotland. Were there burglars in the flat?

Simon rushed downstairs and he phoned the police. Five minutes later two police officers arrived in a police car. They walked upstairs. Simon opened the door and they rushed into the flat. Then all his family and friends shouted: 'Happy Birthday! Surprise! Surprise!'

'It was very embarrassing. But the police officers laughed about it,' said Simon.

'I organized the party while Simon was away. I wasn't really on holiday. It was certainly a big surprise, when he arrived with two police officers,' said Judith.
